Mrs. Henry Ostrom will have the work of the afternoon, her subject being, "A Resume of the Work of the Woman's Home Missionary Society." Mrs. O. H. Smith will have charge of the music. Mrs. C. C. Hurst is chairman of the business committee.

## Vote To Erect Flag-Pole.

The Woman's Relief Corps held a business meeting Monday afternoon in the Odd Fellows Building. It was voted at the meeting to buy a flag pole thirty-two feet high and also a nine-by-twelve flag which will be donated to the city orphan's home. This work is being done under the direction of Mrs. R. E. Richards, and will be a splendid addition to the home.

After the business session refreshments of sandwiches, pickles and coffee were served. There was a very full attendance, and much interest shown in the work of erecting the flag-pole in the city.

## Initiatory Work Given.

Over one hundred were present on Monday evening at a meeting of Bee-Hive Rebekah Lodge. Initiatory work was given to five young men. The work was conferred upon the candidates by the Bee-Hive degree staff.

Refreshments were served during the evening, and games were played.

## Meeting On Thursday.

The Teachers Officers meeting of the Christian Church Sunday School will be held Thursday evening, May 17, at the church, instead of Wednesday evening.

## RAIN HELPS CROPS

The rain of Tuesday, although not a heavy one, was just about what the growing crops needed. Oats and corn were badly in need of rain and all that fell Tuesday soaked easily in the ground, and will be of great help to all growing crops, including oats, corn and wheat. Most of the corn is planted and much of it is coming through the ground. Farmers believe they have a good prospect for a fine corn crop this season.

## BOTH PARTIES MEET.

HELENA, Mont., May 15. (UP)—Republicans and Democrats of Montana met in conventions here today to express preferences for presidential candidates.

The Democratic meeting was a cut and dried affair. Governor Alfred E. Smith of New York will receive the unanimous support of Montana.

In the Republican convention, Frank O. Lowden, of Illinois, was assured of the whole-hearted support of the Progressives but regulars would rather have an unopposed delegation. Predictions were that Lowden would win the endorsement because of his support of the McNary-Haugen farm relief bill.

## JAPS REPORT TO LEAGUE

GENEVA, May 15. (UP)—For "Purely informative processes," Japan today submitted to the League of

Nations copies of two declarations made by the Government at Tokio.

One explained the necessity for sending military and naval forces to Shantung Province, China. The other affirmed Japan's intention to withdraw the forces when they no longer were needed.

This was the first official intimation the league had had of the Japanese-Chinese crisis since the Chinese Nationalists Government's appeal for intervention.

## POLICE CHIEF DISMISSED.

MICHIGAN CITY, Ind., May 15. (UP)—This city conjectured today over reasons for the dismissal of its chief of police, Richard J. Krause, believed to have been the youngest police chief in Indiana. He is 29.

Members of the city commission, in a meeting last night, ordered Krause dismissed. No reason was given but the prevailing belief was that the wholesale raiders conducted last week by federal prohibition agents influenced the commission.

The federal raids were believed to have resulted from charges made by the Rev. Donald C. Ford, who alleged that "Wholesale Conditions of vice" existed within the city.

## COED BURNS TO DEATH IN DORM BLAZE IN OHIO

SPRINGFIELD, O., May 15. (UP)—Hilda Sipes, 20, Shelby, O., was burned to death and four other students of Wittenberg College were injured in a fire which swept Woodlawn hall, girls' dormitory, here today. Miss Marie Schneider of Indianapolis, suffered slight burns.

Twenty girls lived in the dormitory and the fire gained such headway that they were forced to slide down sheets and improvised ropes to escape from the second floor.

Sheep receipts numbered 300. The market closed steady.

## Editorials

Within the city limits of Kendallville, a town of 6,000 population a new hospital was recently erected at the cost of \$108,000. The hospital is said to be one of the most complete to have been erected in smaller cities. Each ward in the building is connected with a radio so that the

patients may be able to "listen in" on the programs at any time without disturbing the other patients in other wards.

The move of city police to prohibit double parking in the business district of the city is a wise move. Particularly on Saturday, with cars double parked on both sides of the streets it is almost an impossibility to drive with any form of caution. With two cars parked on each side of the streets two cars cannot pass in the center of the street with any degree of safety. The enforced ruling will be a benefit to pedestrians as well as motorists. Lines have been repainted on both sides of the streets to show the parking lines.

## MOVIES

### AT THE VONCASTLE

An old fashioned girl with all of the old fashioned virtues steals hearts away. She is Mary Brian, the hazel-eyed little girl from Texas, who has the feminine lead in Paramount's "Partners in Crime," the Wallace Beery and Raymond Hatton melodramatic comedy, now playing at the Voncaste.

Mary Brian is old-fashioned if it be old-fashioned in these roaring times of flappers and sirens to be quiet, sweet, modest and womanly, as well as uncommonly beautiful. To be sure she does not wear hoop skirts or a bustle. Nor do her skirts trail the floor and conceal her shapely ankles and calves.

To those extreme modernists who insist that the jazz girl is alone attractive to men, a trip to the Voncaste Theater to see "Partners in Crime" is recommended. Having seen Miss Brian, as well as a thrilling picture they will have looked upon the type of girl that women want for a daughter and men want for a wife.

### AT THE GRANADA

One of the largest casts in recent years used in a motion picture not dealing with war was drafted for the filming of "Rose of the Golden West" George Fitzmaurice's epic of California in the romantic days before the

## This Thrifty Home Brings Joy to the Rent-Weary

FOR THE family of four or five there is this attractive two-story, six-room house of beveled siding and slate or shingle roof.

One of the interesting features of this house is that every room has a double exposure, while the living room has three sides exposed. Extra windows not shown in the plan may at slight expense be added at either end of the living room. While

this type of house affords the utmost in light and cross-ventilation, it would be well to protect it against the extremes of cold and heat by insulation with celotex for the walls and roof. Such insulation will also cut down outside noises to a marked degree, as in addition to its insulating property, celotex is an efficient sound deadener. The living room has the much desired open fireplace and cleverly arranged bookshelves flanking the entrance to the dining room. The sun porch may be put either to the side or the back of the house, according to the builders' wishes or to conform to the demands of the lot.

**Sets Ten New Records  
by Traveling**

**1000 miles  
in 984 minutes**

ON April 26, two strictly stock Erskine Club Sedans—exactly like those you can purchase from any Studebaker dealer—each traveled 1000 miles in less than 1000 consecutive minutes.

The run took place at Atlantic City Speedway, and was supervised by officials of the American Automobile Association who verified the stock design of the cars.

As a result, ten new records for stock cars under \$1000 were established by the Erskine Six. And Studebaker has demonstrated that its 76-year-old traditions for careful building are carried through in the design, materials and workmanship of this low-priced fine car—named for Albert Russel Erskine, Studebaker's president.

Although sold at the lowest price at which any Studebaker-built car was ever offered (\$795 f. o. b. factory), Studebaker has not permitted any compromise in the materials or workmanship entering into the Erskine Six. That is why this car was able to travel 1000 miles at better than a mile a minute—why you can drive your Erskine Six 40 miles an hour even when NEW—why the Erskine is so economical to maintain and to operate.

A few minutes behind the wheel of the New Erskine Six will introduce you to a type of performance as sensational for its price class as that of the World's Champion Commander is to the field of higher priced cars.
